ERASMUS+ capacity building programs of yesterday and tomorrow

Feedback from 2015-21 for the 2021-27 programs

--

Thursday 19th to Saturday 21th May, 2022

ICISE (International Centre for Interdisciplinary Science and Education), Quy Nhon

Vietnam (VN) is the country that benefited the most from the European Union (EU) ERASMUS+ capacity building (E+) program during the period 2015-20 (74 programs involving 94 universities/institutions). The idea of the seminar that we are proposing is to stimulate proposals for the new ERASMUS 2021-27 program based on feedback from the universities previously involved among themselves and towards all the other Vietnamese universities wishing to participate in the adventure without having done so until now. This will be an opportunity to draw up a QUALITATIVE ASSESSMENT of E+ 2015-21 involving the VN and to promote an ERASMUS PRESENTATION 2021-27 to create SYNERGIES and encourage NEW PROJECTS to come from 2023 in partnership with EU members, partners in South East Asia and especially Vietnam.

Thursday 19th of May (end afternoon), arrival

Friday 20th of May (full day): Introduction and presentation

- Special session, feedback from VN universities that coordinated E+
